

# PRE - DEPARTURE

## EVERYTHING YOU NEED TO KNOW BEFORE YOU LEAVE

### Packing List

- See our [packing tips](#).

### Rooming

- We have sent this to the hotels based on family groups and the coach's recommendations.

### Meals

- We have forwarded all the dietary requirements to the restaurants, but please remind your tour manager when they arrive.

### Flights

- Everyone can check in when they arrive. You don't need to wait until the last person comes. Each family can go through security and meet at the gate. It's advisable to have a group member tick people off so you know everyone has arrived.

### Baggage

- Everyone gets a checked bag, a carry-on, and a personal item. Please check on your airline's website for weight limits. We recommend placing all kits and cleats in your hand luggage. Those items are hard to replace overseas. Also, we recommend mixing clothes for each family member per suitcase. Then if one gets lost or delayed, everyone will have enough clothes for the week.

### Arrival Day

- The GoPlay tour manager will be waiting for you when go through departures.

### Communication

- You should add an international plan if you plan to use your phone outside of Wi-Fi coverage. If not, please switch data roaming off to avoid high bills.

### Currency

- Card payments are used everywhere. If you plan on bringing AMEX, please bring a backup, just in case. Some places don't accept AMEX.
- Also, check your fees for international transactions – some are free, but some charge a per-transaction fee. Buying a small item could be expensive, so we recommend withdrawing or bringing some cash.

### Insurance

- GoPlay has medical and baggage coverage for all participants. Details of our range are in the link. Feel free to let me know if you have any questions. Thanks!
